ROLAND LAVANTUREUX  
—— Vins Fins de Chablis ——

## Chablis Premier Cru Vau de Vey

L'une des parcelles les plus pentues et calcaires du chablisien,  
Une pure expression de Chablis

### Le Millésime 2016

Chablis was touched by so many climatic events that 2016 will be a memorable vintage. We were mainly touched by the hail on our vineyard.

A better summer helped to harvest in good condition and more important, healthy grapes with a very fine balance. The wines shows very classic aromas of citrus fruits and white flowers.

The ageing potentiel is very interesting because of a good balance richness / acidity.

### Press & Ratings

2016 is our first Vintage from this new Premier Cru.

This wine was just released but we have no doubt about the great potential of this exceptional parcel.

### Tasting Note

This wine is as intense as the work to farm the parcel !

The nose is clear and classic on citrus notes and tasting confirm a very high intensity.

Pairings : See food, fish, veal or poultry.

### Vineyards and Winemaking

Vau de Vey is located between Chablis and Beine. This parcel is extremely steep, the farming is 100% manual.

Soil is almost only limestone that bring the high mineral intensity.

For this first Vintage the wine was fermented in inox tank and aged 50% in french oak (with 20% new).

Bottling by ourselves at the Domaine
